THANK YOU

Thank you for considering Bible College SA as a beneficiary in your will. Your gift directly supports the training of new generations of men and women who will be the pastors, chaplains, youth-workers, missionaries and ministry leaders of the future. Our prayer is that our students will use their time at Bible College SA to soak deeply in the Bible, in theology and in ministry so that they will be able to faithfully and effectively carry forward the good news of Jesus to our city, state and beyond. Your generosity is an immeasurably valuable contribution to their preparations.

BIBLE COLLEGE SA

The population of Adelaide and South Australia is growing. At the same time, our nation as a whole is becoming ever more secular. It is therefore doubly imperative that God's people act as wise managers now and prepare for the long term stability of the church, spread of the good news of Jesus, and ongoing vibrancy of Christian ministries.

THE LONG TERM GOSPEL NEEDS OF ADELAIDE AND SA

Under God, the most critical factor for the health and vitality of the church is faithful, effective Christian leadership. We need many men and women to offer for vocational Christian service, and then to be fully prepared for a life of correctly teaching the Scriptures, tending the flock, making disciples, blessing the world, and leading us in shameless lives of praise and worship. We want our children's and grandchildren's generations to be well supplied with these servant-leaders.

THE MINISTRY OF BIBLE COLLEGE SA

Bible College SA is an interdenominational ministry training centre that is dedicated to providing sound and in-depth training that is theologically orthodox, yet attuned to, and engaged with, 21st century culture.

Our purpose is 'to prepare the next generations of gospel workers for Adelaide, South Australia and beyond by the integrated teaching of Bible, theology and ministry at the highest standards'. And while we aim to offer world-class academic formation, we are deeply committed to integrated and personal formation that matures our students holistically.

All tertiary education is expensive, but unlike the mainstream universities, Bible colleges across Australia do not receive any direct government funding. Consequently, they need to supplement their fee income with financial donations from supportive members of the Christian community. At Bible College SA, staff salaries are our major expense, accounting for around 70% of our total annual budget. All of our donation income goes towards paying our team.
